Greetings!

As Governor, it is my pleasure to welcome you to the 2012 Illinois State Fair!

The Illinois State Fair has been celebrated nearly every year since 1853 as a showcase for Illinois agriculture, the heart of Illinois' economy and heritage. Today, the Illinois State Fair is one of the largest agricultural fairs in the country - a celebration of the progress Illinois agriculture has made and the impact it has on our everyday lives.

Farm families from all over the state come together at the Illinois State Fair to showcase the best in Illinois agricultural products, from livestock to wine, produce and agricultural technology. Fairgoers have the opportunity to attend popular events such as the Farmer's Market and Sale of Champions. In addition to livestock shows and auctions, the Illinois State Fair also features free entertainment stages, exciting harness races, thrilling carnival rides and great food.

On behalf of the people of Illinois, I encourage visitors to explore everything the State Fair has to offer, and offer my best wishes for an enjoyable and memorable visit to the 2012 Illinois State Fair.

Sincerely,

Dear Friend:

Much has changed since the first Illinois State Fair, but not Illinois' commitment to agriculture. True, the farmers of 1853 may not recognize the modern equipment and advanced production techniques used today, but the fact remains that Illinois is an agrarian state.

To this day, even after taking into account all the development that has occurred since that first Illinois State Fair, about 75 percent of our land is still devoted to production agriculture. The state's 76,000 farms, however, are just the foundation of a multi-billion dollar industry. Illinois also has 2,531 food companies, more than all but four states, and hundreds of agribusinesses that provide the tools farmers need to produce their commodities, from seed, chemical and feed companies to equipment manufacturers and implement dealers. Combined, these agriculture-related businesses employ nearly one of every four Illinois workers.

The fair will recognize the importance of agriculture to the prosperity of our state this summer, just as it has in past summers. I'd like you to join me in this celebration. The fair itself was started 159 years ago to advance farming methods and your participation will ensure it remains a tribute to our state's top industry. So, mark your calendar and plan to attend the fair Aug. 9-19.

Sincerely,

A handwritten signature in black ink that reads "Robert F. Flider". The signature is written in a cursive style with a large, prominent "R" and "F".

WELCOME TO THE ILLINOIS STATE FAIR – Family Fun for Everyone!

Many times I get asked, "What is your favorite part of the fair?" The answer is simple for me. I love to see fairgoers walking down the street.....sampling some of the great food and drinks and just enjoying good ole family fun!

Over 815,000 visitors attended the 2011 Illinois State Fair. To many of these visitors, the Fair is about agriculture. We are very proud generations of families continue to participate in our livestock competitions. Over 10,000 of Illinois' finest livestock were on the fairgrounds last year.

Many fairgoers also find the Farmer's Little Helpers area a huge draw as an interactive experience for kids of all ages to learn about farming and livestock.

The Illinois State Fair is also known for outstanding entertainment. Last year's Jason Aldean concert was the largest paid attendance ever at a fair concert. National recording artists continue to be a big draw.....as do USAC and ARCA automobile races and harness racing.

The list of attractions at the Illinois State Fair includes Carnival Rides, Ethnic Village, Kids Korner, Truck and Tractor Pulls, Demo Derby, Veterans Day, Senior Citizens Day, and so much more.

Governor Pat Quinn, Director of Agriculture, Robert Flider and the dedicated staff at the Illinois Department of Agriculture, would like to extend a warm and gracious welcome to you and yours as we celebrate the 2012 Illinois State Fair, August 9 - 19 in Springfield.

Thank you for making this year's Illinois State Fair part of your summer. Make yourself at home and have a great time!

Note: No Corrections or Additions will be allowed on a Certificate of Veterinary Inspection.

As a condition of entry in Illinois State Fair events, all exhibitors agree to cooperate fully with testing protocols including ultrasound. The Illinois Department of Agriculture may also collect blood, tissue or other test samples from exhibition animals at the time of slaughter.

Market animals (steers, barrows, wethers) at the Illinois State Fair must meet the requirements regarding drug withdrawal and eligibility for slaughter. Subject: Identification Requirements for Official Pseudorabies (PRV) and Brucellosis testing in swine

According to the 2009 Illinois Exhibition Health Requirements for Illinois State Fair, DuQuoin State Fair, and county fairs, swine need to be tested for PRV. Swine of all ages shall be negative to an official test for PRV conducted within 90 days prior to exhibition; or swine shall originate immediately and directly from a qualified PRV negative herd. Barrows and females in market classes must meet the same requirements as breeding swine.

Because PRV and Brucellosis are official state/federal cooperative disease programs, all testing for these diseases is considered official testing. Therefore, the animals tested must be officially at the time of testing and accompanying documents should include this official identification. Any interstate movements subsequent to exhibition are subject to requirements for official identification. Official identification is required for all interstate movement.

Ear notching is only appropriate as official identification for swine when the ear notching has been recorded in the book of record of a purebred registry association. The use of ear notches is not acceptable as official identification for crossbred swine.

Ethical Care and Exhibiting of Animals

The Illinois State Fair provides a showcase for Illinois Agriculture, highlighting the highest quality livestock, commodities and products through fair, unbiased and educational competitive events. Therefore, livestock exhibitors are held to a high standard of stewardship, integrity and ethics in each and every aspect of the care and exhibiting of animals. By making entries in the Illinois State Fair, exhibitors certify they have read the contents of this section of the fairbook and agree to abide by all applicable rules and guidelines associated with the ethical care and exhibiting of animals, including specific rules relating to the administration of drugs to animals. Failure to do so could result in immediate disqualification from entered events and loss of entry fees.

1. When caring for and exhibiting animals, ethics means:
 - Setting good examples, not bad ones.
 - Doing the right things, not the wrong ones.
 - Making ethical decisions, not unethical ones.
 - Being accountable for your decisions.

2. Specifically, ethical care includes:

- Knowing how to properly handle and treat your animals and acting accordingly.
- Observing your animals each and every day.
- Treating your animals humanely at all times.
- Providing safe and humane housing for your animals that protects them from the weather and any hazards that could result in injuries, pain or disease.
- Transporting your animals in a manner that will avoid unnecessary stress or chance of injury.
- Being gentle and patient with animals.
- Providing adequate amounts of good quality and wholesome food and water. This means feeding and watering animals daily, even on busy, difficult days.
- Keeping your animals, pens and stalls clean at all times.
- Protecting your animal's health through implementing disease prevention strategies, such as following proper vaccination protocols and quickly responding to any change in the health status of your animal.
- Using and storing medications correctly and in accordance with label directions and the law. Provisions of the Animal Medical Drug Use Clarification Act (1994) provide that extra-label use of FDA approved drugs, including using a drug that is not approved for use in the species of animal you are exhibiting, using a drug for a condition that is not listed on the label, using a drug at a different dose than what is on the label, or using a drug for a longer duration than what is on the label, is permitted only under the written or verbal order of a veterinarian.
- Providing veterinary care when needed to prevent suffering.
- Helping others whenever possible.

3. Specifically, ethical exhibiting includes:

- Making sure each animal's records and entries are correct, including age, breed, weight, and ownership papers.
- Following the deadlines for entry and arrival at shows.
- Being truthful in completing paperwork and entry forms and demonstrating honesty in working with other exhibitors and show staff.
- Keeping the promises made by signing the Illinois State Fair Affidavit that
 - a) livestock exhibits have been cared for and maintained by the exhibitor and his or her immediate family,
 - b) exhibitors will follow the rules of the Illinois Humane Care for Animals Act, and
 - c) exhibitors will follow all fair rules on animal care, grooming and market eligibility.
- Properly handling your animals when they are being exhibited.
- Being courteous toward other exhibitors and adults working with the program.
- Listening to and following the advice of advisors and leaders.
- Dealing with anger and disagreements in a peaceful way.
- Accepting the results of competition and being a good sport.

4. Ethical behavior does not include:

- Striking, tormenting, overworking, starving or abusing animals in any manner.
- Abandoning any animal where it may become a public charge or may suffer injury, hunger or exposure.
- Using animal drugs illegally or not according to the label, as such action may potentially harm animals, make animal products unsafe for consumers, and could result in criminal charges.
- Turning in false paperwork about an animal's age, breed, weight, ownership, identity, or more.
- Taking credit for work you did not do.
- Illegally changing the appearance of an animal.
- Exhibiting deceitful, disrespectful or discourteous behavior toward other exhibitors or show staff.

Again, by making entries in the Illinois State Fair, exhibitors certify they have read the contents of the Ethical Care and Exhibiting of Animals section of the fairbook and agree to abide by all applicable rules and guidelines, including specific rules relating to the administration of drugs to animals. Failure to do so could result in immediate disqualification from entered events and loss of entry fees.

24. Show management are the only individuals that may approach a judge during a show. If an other individual(s) approach a judge during the show, it will be grounds for disqualification.

25. Class breaks will be at the Superintendent's discretion.

Errors in premium statements will be corrected until October 1 following the fair, after which time the books are closed. Incorrect premiums will be forfeited. The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in the Junior Department Premium Book.

29. REQUIREMENT FOR ENTRY

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal's condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

A. Testing

As a condition of entry in an Illinois State Fair event, all owners, exhibitors, fitters, trainers and participants agree to cooperate fully with testing protocols concerning the animals, including but not limited to ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. Any animal drug tested at the Illinois State Fair is subject to being detained at the expense of the Exhibitor by Fair officials until Fair officials receive final test results. After any preliminary positive test results are confirmed, the results may be made public.

B. Violations

1. Prior Notification (All Animals): Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally, to an animal, any medication or treatment including prescription and non-prescription, unless prior written notification is given to the State Veterinarian's Office or State Veterinarian's Office personnel (reachable 24 hours by telephone at 217-782-4944). If medication or treatment is needed outside of normal business hours, an answering service will notify the veterinarian on call of the situation, and the veterinarian on call shall accept notification over the phone, with written notification being completed at the same time by the exhibitor and filed the next day with the State Veterinarian's Office or State Veterinarian's Office personnel. It is a violation if any medication or drug is administered to an animal without prior written notification or in an unauthorized dosage.
2. FDA Approved Drugs (Market Animals): It is a violation if a market animal tests "positive" (not a quantitative test) for any drug that has not been approved by the Federal Food and Drug Administration for such type of animal.
3. Competitive Advantage (All Animals): It is a violation if the test results indicate the presence of a substance, practice or other adulterant that could give an animal a competitive advantage. Subject to paragraph 4 below, it is not a competitive advantage violation if a drug was given under a current veterinarian's prescription for the animal and the drug was prescribed for a therapeutic reason. It is a violation

if a copy of the prescription is not shown at time of collection. Providing proof of a prescription at a later time will not be a defense.

4. Allowable Slaughter Residue Levels (Market Animals): It is a violation if the test results indicate the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department. That a drug exceeded its estimated withdrawal time or was prescribed will not be a defense.

C. Penalty

If any animal is determined to be in violation of this requirement, the animal shall be disqualified and the exhibitor agrees to forfeit all awards, prizes, honors and rights to any benefits received at the Illinois State Fair.

D. Dispute/Hearing

If a dispute regarding the test results occurs, a portion of the sample, upon written request by the Exhibitor to the Department, may be sent for laboratory testing and analysis at a facility as mutually agreed to by the parties. The sample will be split in the presence of the parties or their representative(s). The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the laboratory testing of the split sample are the responsibility of the exhibitor.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture pursuant to Requirement 39. However, any request by the exhibitor to have the sample retested must be made, the test must be performed and the test results determined all prior to the hearing.

31. ANIMAL WELFARE

All exhibitors of animals at any Illinois Fair or exhibition shall comply with the provisions of the Illinois Humane Care for Animals Act. Any practice or deviation from normal humane husbandry practices, including, but not limited to artificial manipulations, physical abuse, medical treatments or mechanical applications of any substance, other than on the prescription of a licensed veterinarian, will constitute a violation. If violations are observed by Fair officials, the animal will be excused from exhibition, disqualified, and be ordered to be removed immediately from the grounds with all awards previously earned at this fair being forfeited.

32. SALE OF CHAMPIONS

The Grand Champion Steer, Barrow, Wether, Meat Goat, Poultry Meat Pen and Rabbit Meat Pen will be sold at the Sale of Champions Auction on Tuesday, August 14, 5:30 pm at the Livestock Center. Added to the Sale of Champions Auction will be a Grand Champion Land of Lincoln Steer, Barrow and Wether. At the time of the Sale of Champions Auction, the animals will be officially marked as the Junior Grand Champions and the Junior Land of Lincoln Grand Champions of the Illinois State Fair.

The total sale price for the Grand Champions animals will be divided on the following bases: 80 percent to the owner, 10 percent in the name of buyer(s) to the Illinois 4-H Foundation and 10 percent to the Illinois FFA Foundation to promote livestock programs. The exhibitors must remain with the animals in the Hall of Champions from 9:00 am - 7:00 pm. If the animal is removed from exhibition prior to release time, premiums and sale price will be withheld. The Grand Champions and Land of Lincoln Grand Champions Steer, Barrow, Wether and Meat Goat Wether will be carcassed on Thursday, August 16, 2012, and tested for any illegal drugs, steroids, artificial manipulation or mechanical application of any substance. The presence of any illegal drugs, steroids, artificial manipulation or mechanical application of any substance is in violation of the requirements and criteria for junior livestock exhibits and shall cause the animal to be disqualified. The exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits at the Illinois State Fair.

If the hearing cannot be held before the animal is to be shown, the exhibitor may exhibit his/her animal(s) and premiums will be withheld until a decision has been made by the administrative law judge.

If another exhibitor or any member of the public has reason to believe that an animal should be disqualified, he/she must contact the appropriate superintendent and/or State Fair officials and present his/her evidence in writing. Evidence must be filed after official check-in of the animal or forty eight hours after show begins. If, after reviewing the evidence, the State Fair disqualified animal and disqualified exhibitor requests an administrative hearing, the complaining person shall be required to testify under oath at the hearing and present his/her evidence. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners

at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

Premises Registration is voluntary to exhibit livestock (beef, dairy, horses, breeding swine, sheep, goats, poultry and rabbits) at the Illinois State Fair/county fair and mandatory for barrows.

Choosing to register your premises puts you on the frontline of controlling and preventing the spread of animal disease. A disease outbreak can't be predicted but it can impact every

segment of animal agriculture. Participation ensures that you have the information you need, when you need it most, to protect your animals and your investment. Registering a premises involves obtaining a seven-character alpha-numeric "identifier" for the farm, ranch veterinary clinic or other site where livestock or fowl are handled, housed, managed or processed.

If an exhibitor wants to register their animals an application form can be found on-line at www.agr.state.il.us/premiseid. Exhibitors who register on-line will receive a premises registration number immediately. An application can also be obtained by calling 866/299-9256. If completing application and returning by mail, it may take up to 4 weeks to receive the number.

Sheep exhibitors who have not exhibited at the State Fair level previously must have reviewed the quality assurance and ethics website to receive training and be registered for the 2012 Illinois State Fair prior to July 1, 2012 in order to be eligible to show.

7. Pork carcasses that meet the requirements listed above will be ranked by percent fat-free lean (regular carcass show) or pounds of acceptable standardized fat-free gain per day on test (premiere carcass show) using the following equations:

A. Regular Carcass Show:

$$\text{Pounds of FFL} = 8.588 - (21.896 \times 10^{\text{th}} \text{ rib fat depth, in.}) + (3.005 \times 10^{\text{th}} \text{ rib loin muscle area, sq. in.}) + (0.465 \times \text{warm carcass wt., lbs.})$$

To convert to % FFL, divide by warm carcass weight and multiply by 100.

B. Premiere Carcass Show:

$$\text{Lbs of } \qquad \qquad \text{Lbs of Fat-Free} \qquad \qquad \qquad \text{Lbs.of Fat Free}$$

Acceptable	Lean at Ending Wt.	at Initial Wt.
Standardized Fat-	8.588 + 0.465 x Adj. Carcass Wt., lb.	
Free Lean Gain Per	- 21.896 x Tenth rib Backfat, in.	(0.418 x Live Wt., lb.) - 3.650
Day on Test =	+ 3.005 x Loin Muscle Area, in.

4-H EXHIBIT DIVISION

Superintendents Lisa Bouillion-Diaz, Dan Horn, Pat McGlaughlin,
Bill Million, Sheri Seibold, Debra Stocker, Madonna Weese

ENTRIES DUE August 1, 2012 To the State 4-H Office

All entries are made through the local Extension Office.

Premiums offered by Fair \$15,000.00*

Exhibiting in the 4-H Exhibit Division at the Illinois State Fair is a privilege and an honor. It is the responsibility of the exhibitor to follow the General Rules of this division and the exhibit requirement for the specific class entered.

Exhibitors should be aware that we may not be allowed to use Building #30 (formerly the University of Illinois Extension Building) for General 4-H Exhibits. Exhibit locations in 2012 may vary greatly and may include relocation of the 4-H Tents and most exhibits moving to the Exposition Building Mezzanine. Local Extension Offices will receive information on final locations by mid-summer, 2012. Please be aware that last minute changes may occur and that we will accommodate the exhibit and judging process as best we can.

General Rules for this Division

1. Any boy or girl in Illinois, who is enrolled as a 4-H member and is at least 10 years old as of September 1, 2011 may participate in 4-H classes and activities, providing the exhibitor meets the eligibility rules for participation. Parents and leaders should be aware of conditions on the Fairgrounds and in the Junior Department Dormitories and make provisions for the adequate care and supervision of exhibitors.
2. Exhibitors must be enrolled in the project or have participated in the activity in which they are exhibiting during the current year. **Due to the nature of the conference judging process, exhibitors must be present with the exhibit that they have made/produced for judging. Exhibits are required to be judged on the assigned county day for judging (except in the case of the exhibit classes which are only judged on one day).** Scheduling adjustments for religious reasons may be requested by contacting Debra Stocker at the State 4-H office in writing by August 1, 2012 (dstocker@illinois.edu).
3. **All entries must be products of the current 4-H year (September 1, 2011 - August 31, 2012).** The same product or speech that is selected at the county level must be the one exhibited at the State Fair, adjusted to State Fair class requirements. The exceptions

include exhibits in the areas of Food and Nutrition (must be the same recipe), Crops (plant exhibits) , Floriculture and Vegetable Market Baskets/Plates. Modifications can be made to the original county exhibit to 1) meet State Fair class requirements, or 2) incorporate suggested improvements made by the local judge. Determination of exhibit eligibility rests solely with the University of Illinois Extension Assistant Dean and Director, 4-H and designated persons.

4. Counties will make all entries in this division via computer upload. Instructions for this process will be sent to the counties by early July. Uploads should be completed by August 1, 2012. Counties needing permission for late entries after August 1 should contact Dan Horn at the State 4-H Office in writing by July 15, 2012.
5. Each county may make the number of entries allowed in each area as stated. **If a county's community club enrollment exceeds 500 members, up to twelve additional exhibits/exhibitors may be selected for state fair. These additional exhibits may be entered in any class/classes of the county's choosing. Current enrollment figures should be used to determine entry numbers.** Counties may obtain this information locally using the 4-H DMS. Multi-county Extension units have the option of combining enrollments from all counties within the unit to determine a total number of entries, using the quota systems. This procedure, if used, must be used for ALL State Fair class entries from that multi-county unit.
6. If a 4-H member needs a reasonable accommodation to participate in the Junior Department, please contact the State 4-H Office at 217/333-0910 by August 1, 2012. For counties who have late entry permission (#4), contact must be made as soon as the 4-H member's participation is confirmed on the county level.
7. **An individual 4-H'er may enter ONLY ONE exhibit class in the 4-H Exhibit Division.** This includes exhibitors in Fashion Revue, Public Presentations, Club/Group exhibits in Public Adventures and Intercultural and any exhibit classes only offered on one day (i.e. Welding) Exhibitors will need to check in at specific times on their county's assigned date. **Exhibits are required to be judged on the assigned county day for judging.** Exact check-in times will be provided to local Extension offices by mid-July. Presentation and conference judging times will be assigned at check-in. Exhibitors not reporting at their designated time will forfeit their time and may be placed at the end of the day's schedule.

General 4-H exhibitors also wishing to show in Jr. Livestock classes should realize that judging conflicts may exist and the member will need to make a decision on their priorities. The General 4-H Show will try to accommodate judging times; however, judges will not be asked to stay longer than necessary if an exhibitor is not present during the assigned judging times. If an exhibitor misses the class judging entirely, a "No Show" will be registered for the exhibit and ribbons and premiums will not be

awarded. **NOTE: Most judging will take place in the Exposition Building or other locations across the fairgrounds; exhibitors should plan to allow extra time to arrive at these locations. Check-in and judging times for the Exposition Building will vary from the other locations.**

8. Exhibits illustrating inappropriate subject matter and/or graphics are not acceptable. The Superintendents reserve the right to not display exhibits deemed inappropriate for youth audiences. Items deemed potentially dangerous to fair-goers may be removed from the exhibit.
9. All conference-judged exhibits must be identified with an official entry tag. This entry tag is to be completely filled out and securely attached to the exhibit. **Project exhibits must remain on display until 12:00 pm if judged in the morning *or* whenever judging is completed, whichever is later and 3:30 pm if judged in the afternoon *or* whenever judging is completed, whichever is later, in order to receive a premium award.**
10. **CLOVER CHALLENGE** exhibit classes are included in many of the General 4-H Sections. These classes are **ONLY** for 15-18 year olds who are enrolled in Clover Challenge projects in that specific exhibit project area. Clover Challenge projects are to be "above and beyond" what the 4-H project books cover. Exhibit a display illustrating the Clover Challenge area that you explored. This could include anything **NOT** covered in the project book, including but not limited to career exploration or an in-depth study of a specific topic in that project's subject matter. **The completed Illinois 4-H Clover Challenge Agreement must be presented with the exhibit.** The agreement can be found at: <http://web.extension.illinois.edu/state4h/projects/>.
11. **The Illinois State Fair, State 4-H Office, and local University of Illinois Extension personnel or their assigned agents do not assume liability for loss, theft, or damage to any exhibit.**
12. Judges are permitted to award Superior ribbons at their discretion to a maximum number of exhibitors per class. Judges take into account the display and information provided during the interview in determining Superior ribbon awards. Exhibitors who do not follow the exhibit class guidelines and requirements are ineligible to receive a Superior ribbon. **The judge's decision regarding awarding of ribbons is final unless it has been determined that an exhibitor has not followed the guidelines or rules for that exhibit class.**
13. Display space is limited. **Table displays are limited to 2' wide x 15" deep unless otherwise stated in the class listings for that project.** (Standard science display boards fit into this size limitation.) This pertains to exhibits to be placed on a table only; floor exhibits are not limited **UNLESS INDICATED** in a specific project section

(i.e. Woodworking, Interior Design, and Visual Arts). **The maximum poster size for hanging is 22" x 30"**, unless otherwise stated in the class listings for that project. **Exhibits that stand over 4' tall will be placed on the floor. Use of page protectors is recommended for binder exhibits. Binder exhibits will NOT be labeled "Do Not Touch."**

14. **Limited equipment will be provided for certain exhibits.** For Public Presentations, the following items will be available, **if requested in advance:** LCD projector, podium, projector screen and extension cord. **Requested items should be noted on 4-HDMS electronic entry notes.** Exhibitors must furnish any additional equipment they feel is necessary to properly critique their exhibit (i.e. computer). Exhibitors should be aware that electrical outlets are not always located near judging locations and should take that into consideration when planning exhibits.

PREMIUMS

GENERAL 4-H EXHIBITS FOR INDIVIDUAL MEMBERS

Premium checks will only be awarded to those exhibitors who receive a **Superior ribbon OR a Best in Action ribbon**. Conference-judged exhibitors will receive an Award of Excellence ribbon. Exhibits must remain on display until the posted release time *or* whenever judging is completed, whichever is later. Action-oriented Exhibitors will receive an Award of Excellence rosette. **Superior award ribbons and premiums will be awarded at the judge's discretion.** The top 5% of each action-oriented class will receive Best in Action ribbons (and premiums).

"Team" entries are allowed only in specified action-oriented classes. Size of a "team" is defined in those specified classes – **ALL of which must meet the age requirement for 4-H state fair exhibitors.** Each member of a team will receive a ribbon. Both age-eligible members must be registered for the class via the 4-HDMS process. All members of a team receiving a Best in Action rating will receive a premium.

Premium amounts will be determined by using an "x" factor after the number of actual Superior and Best in Action exhibits has been confirmed. (** NOTE: The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in the Junior Department Premium Book.*)

CLUB EXHIBITS

Clubs may wish to do a display in one of two project exhibit areas: Intercultural or Public Adventures. The displays must remain in place from 9:00 am - 1:00 pm or 1:00 pm – 5:00 pm on the assigned judging day. These exhibits will be placed and judged on the Mezzanine Level of the Exposition Building. The display must be manned by 3 or more club exhibitors

of 4-H age (8 and older) at the time of the judge's critique. **These members must not be exhibiting in another individual exhibit class and at least one of the members must meet the 10-year-old and above age requirement. Only club members present for judging who participate in the actual critique and the presentation are eligible for ribbons and premiums.** Ribbons will only be awarded to those members who meet the State Fair age requirement. Premiums will only be awarded to the age-eligible members of those club exhibits that receive a Superior award. Age-eligible members must be registered for the class via the 4-HDMS process. Premium amounts will be determined by using an "x" factor after the number of actual Superior exhibits has been confirmed. (**NOTE: The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in the Junior Department Premium Book.*) **Clubs preparing an exhibit in any area other than the two classes listed will not be eligible for a Superior ribbon and premiums/ribbons will not be awarded.**

Class 50295 is open to ANY 4-H member who meets State Fair age requirements – it is not restricted to members enrolled in the Filmmaking project. All exhibits in this class will be judged online. **In-person attendance at the fairgrounds is not required, but exhibitors are invited to participate in public recognition of winners on Saturday, August 11 at the 4-H Family Event on the Department of Agriculture Director’s Lawn.**

ALL exhibits for classes in this section must be posted for on-line judging on the “Illinois 4-H State Fair Online” website: <http://web.extension.illinois.edu/4hstatefaironline/>. The final deadline date and procedures for posting videos will be posted on the website and announced to local Extension offices no later than March 1, 2012.

In addition to receiving feedback on the “Illinois 4-H State Fair Online” website, exhibitors in Classes #50290-50294 will have the opportunity to meet with judges for in-person feedback and recognition on their regularly scheduled county judging day. Public display of Filmmaking exhibits will take place at the Exposition Building on a daily basis.

Requirements that apply to ALL video classes:

All video submissions must be on posted on the “Illinois 4-H State Fair Online” website and should be no longer than five (5) minutes in length (unless noted differently in class description.). Videos are to be original and a result of the member’s current year’s work. Criteria for judging classes 50290-50294 shall include: (1) Evidence of story line; (2) Use of camera angles; (3) Use of zooming techniques; and (4) Smoothness of scene changes. Image and sound quality will be considered in relation to equipment available to and used by exhibitor. The object is moved in small increments between individually photographed frames, creating the illusion of movement when the series of frames is played as a continuous sequence with editing software. Clay figures are most often used in stop motion for their ease of repositioning (also called claymation), but any object may be used as the subject for this class.
- 50294 **Documentary** - Video in this class should represent a research-based investigation into a topic of choice. Video credits should list research sources and may include paper or electronically published materials, as well as, and/or interviews with experts or constituents related to the topic of investigation.
