

Buy Illinois Network

Last year, the Illinois General Assembly passed P.A. 93-868, signed by Governor Rod Blagojevich, instructing the Illinois Department of Commerce & Economic Opportunity (DCEO) to develop a website to promote the sale of **Illinois goods and services**. The new website www.buyillinois.net currently in operation will provide a new venue for Illinois vendors to market their products and find new customers.

This website replaced the Illinois Department of Agriculture's (IDOA) buyillinoisproducts.com site. IDOA is committed to promoting the new site as well as encouraging food and agricultural companies to utilize this new service. We believe the advantages and benefits of this **(free of charge) registration** website, will maximize our promotional capabilities much more effectively.

To register, simply go to the website and click on the "Company Sign In" icon then "Sign Up/Register Your Company." Instructions will walk you through the completion of registration.

We would encourage your participation in registration on the new website quickly and ask that you encourage other Illinois companies to do so as well. The Buy Illinois Network is intended to help Illinois business owners market their products and services, which in turn stimulates more in-state, business-to-business commerce.

Please do not hesitate to contact the
IDOA (217/782-6675) larry.aldag@illinois.gov

or DCEO (217/558-6420) bpierce@ildceo.net

if you have any questions regarding this new website
or have problems registering.
