Section 250.220 Special Application of Herbicides to Control Invasive Plants on Public Lands

- a) Any person who receives training pursuant to subsection (b) of this Section from an individual possessing a current Category 6 Right-of-Way Pest Control applicator license issued by the Department and, after receipt of a certificate issued by the Department, may apply a herbicide product for the control of invasive plants on public lands without further compliance with the licensing provisions of this Part if all of the following are met:
- 1) The individual providing training pursuant to subsection (b) of this Section shall be a compensated employee of the organization which has direct control of the public lands upon which the herbicide product applications are to be made;
 - 2) The individual making herbicide product applications under the provisions of this Section shall not receive compensation for the herbicide product applications;
 - 3) The signal word contained on the herbicide product is "CAUTION";
 - 4) The herbicide product to be applied is not classified as a "restricted use" pesticide;
 - 5) The herbicide product application method is limited to the method or methods included in the training provided pursuant to subsection (b) of this Section;
 - 6) A review of the specific herbicide product's label was included in the training program described in subsection (b) of this Section;
 - 7) The herbicide product application site or sites are limited to the public lands identified during the training provided pursuant to subsection (b) of this Section and such public lands are under the direct control of the trainer who provided the training or the trainer's organization;
 - 8) All mixing of the herbicide product and loading of the herbicide product into any required application device or devices shall be conducted by the trainer who provided the training or other certified applicator possessing a

current Category 6 Right-of-Way Pest Control applicator license issued by the Department, and;

- 9) Each individual making herbicide product applications under the provisions of this Section shall utilize the personal protective equipment specified on the herbicide product label for handlers during the application activity.
- b) The training shall be not less than one hour in duration and shall include a review of the herbicide product labels, use restrictions, application rates, application methods, first aid, potential environmental hazards, personal protective equipment, and any other information deemed appropriate by the trainer for the safe and effective use of the herbicide products identified in subsection (a) of this Section.
- c) Upon completion of the training, the trainer shall immediately provide to the Department a complete legible listing, including name, address, telephone number, birth date, and sponsoring organization for whom the herbicide product applications are to be made, of all individuals who received the training and are thus eligible to apply only the specific herbicide product or products set forth in this Section.
- d) The trainer shall also provide to the Department the date and location of the training, the trainer's name, address, telephone number, pesticide applicator license number, pesticide applicator license expiration date, trainer's organization, and a legible copy of the specific herbicide product label or labels utilized in the training session.
- e) An individual trained to apply a herbicide product under the provisions of this Section, and only after receiving the certificate issued by the Department, may only:
 - 1) apply the specific herbicide products included in the training described in this Section;
 - 2) make such applications on the public lands identified in the training; and
 - 3) make applications during the calendar year in which the training was received.
- f) For the purpose of this Section, a person shall mean any individual over 18 years of age.
