***NOTE:** The test is an open book test. You will need a Handbook 44 (this information may be downloaded from the NIST website www.nist.gov) and an Illinois Laws and Rules and Regulations Relating to the Weights and Measures Act and Motor Fuel and Petroleum Standards Act (www.agr.state.il.us). The general code section 1.10 is needed for all testing. Section 2.20 is needed for scales and section 3.30 is needed for liquid measuring devices. These three sections are located in the Handbook 44.

The General & Illinois Addendum tests must be taken along with the test(s) for the device type(s) you will be servicing (see below).

You will need the above information/documents on the day of testing.

Please call for a testing appointment date.

We would appreciate notification if you cannot keep your appointment.
